

# Blueberry Meringue

## Ingredients

300 ml cream  
3 cups frozen blueberries  
1 cup fresh or frozen mixed berries  
eg raspberries, strawberries, blackberries  
6 birds nest meringues, crushed  
icing sugar, to decorate

## Method

For the cup of mixed berries try to choose a mixture of colours and flavours to contrast with the blueberries.

Allow the frozen berries to partially thaw. Reserve a mixed handful of berries for garnish. Lightly whip the cream. Break up the meringues into bite-sized pieces. Mix all of the ingredients together in a large bowl. Pile onto a serving dish and decorate with the reserved berries and a sprinkling of icing sugar. Serve immediately.
